ELECTORAL ENROLMENT STATISTICS

30 June 2004

This report details State electoral enrolment figures as at 30 June 2004 and shows that on that date the total State enrolment was 1,220,362.

This report also includes figures that illustrate the percentage change in total enrolment for each electoral district since 7 February 1994. Enrolment figures taken at that date were used to calculate the quotients on which the distribution of electoral boundaries currently in force was based.

On 4 August 2003, the Electoral Distribution Commissioners published their determination, pursuant to the *Electoral Distribution Act 1947*, of the electoral boundaries, which will apply under that legislation to the next State general election due in late 2004 or early 2005.

This is the last statistical report to be produced under the 1994 boundaries. The Western Australian Electoral Commission converted the roll to the new boundaries on 1 July 2004. Future statistical reports will be based on the 2003 boundaries. The first statistical report under the new boundaries is dated 13 July 2004.
