ELECTORAL ENROLMENT STATISTICS

as at 30 September 2002

This report details State enrolment figures as at 30 September 2002. The total State enrolment as at 30 September 2002, stood at 1,208,476.

This report includes figures that illustrate the percentage change in total enrolment for each electoral district since 7.2.1994. Enrolment figures taken at that date were used to calculate the quotas on which the last distribution of State boundaries was based.

Additional material has also been included in these statistics, to show the enrolment figures as at 11 February 2002, which is the day that is one year after the polling day for the 2001 State General Election. The provisions of the Electoral Distribution Act 1947 determine that these are the enrolment figures on which the next Division of the State will be based.
