ELECTORAL ENROLMENT STATISTICS

30 September 2003

This report details State electoral enrolment figures as at 30 September 2003 and shows that on that date the total State enrolment was 1,202,660.

This report also includes figures that illustrate the percentage change in total enrolment for each electoral district since 7 February 1994. Enrolment figures taken at that date were used to calculate the quotients on which the distribution of electoral boundaries currently in force was based.

On 4 August 2003, the Electoral Distribution Commissioners published their determination, pursuant to the *Electoral Distribution Act 1947*, of the electoral boundaries which will apply under that legislation to the next State general election, which is due in late 2004 or early 2005.

It is not proposed to apply these new boundaries to the State electoral roll before early 2004 and thus enrolment details as against the new boundaries are not included in this report.
