# 2017 State General Election Results and Statistics

## Foreword

This report provides a statistical overview of the State General Election held on Saturday 11 March 2017 to elect the 40<sup>th</sup> Western Australian Parliament.

It includes detailed results data down to the polling place level for all Legislative Assembly districts and Legislative Council regions. It also contains detailed statistics about the different vote types and classes recorded at the election. For example, it highlights a significant increase in the total number of early votes (in person).

The report is a companion volume to the *2017 State General Election: Election Report*, which describes the conduct of the election in more narrative terms.

A handwritten signature in black ink, appearing to read 'DK', with a stylized flourish extending to the right.
